

# IT'S NEVER TOO LATE TO INVEST IN YOU

## PROGRAM OVERVIEW

**Traditional leadership courses often fall short, offering one-size-fits-all solutions that leave women feeling out of place.** Our academy program is more than just a leadership program; it's a community of women leaders who uplift one another regardless of their career stage, age, or experience. The academy is a one-year leadership experience that takes place over four two-day in-person sessions.

Our program emphasizes authentic leadership through self-awareness and fostering a secure and open community for sharing.

## TESTIMONIAL

"I use to look for leadership programs to help me grow professionally, what I didn't realize how important it is to grow personally in order to grow professionally." - Kiran Sibia

# APPLICATION OPENS JULY 2025
