

IT'S NEVER TOO LATE TO INVEST IN YOU

PROGRAM OVERVIEW

Traditional leadership courses often miss the mark, providing one-size-fits-all solutions that leave women feeling disconnected and unsupported. At UnitedAg, we've redefined what leadership development means for women. Our academy is more than a program; it's a thriving community where women uplift and inspire one another, no matter their career stage, age, or experience.

Led by our CEO, Kirti Mutatkar, the UnitedAg WomenAg Leadership Academy is a transformative, one-year experience consisting of four immersive one-day in-person sessions tailored to meet the unique personal and professional needs of women in agriculture.

SPECIAL PRICING

MEMBER	\$1,000
